(All ages) This exhibition will provide a hands-on opportunity for children and adults to learn about a day in the life of a thoroughbred horse.

- Chat with those who care for horses
- See what they wear (tack)
- Taste what they eat (sweet feed)
- Feel what it's like to have their feet trimmed
- Try on exam gloves and view pills and syringes used to treat horses
- Listen to a jockey share what it's like to ride a "rocket"

Special thanks to jockey Joe Steiner and farrier Nate Wyatt.
